With more than 300 million players, table tennis is the second highest participation sport worldwide. Popularity is high in the UK with around 2.4 million players and nearly 9% of 11-15 year olds playing regularly.

Permanent
all weather
recreation tables
for year round
enjoyment

An Olympic sport since 1988, table tennis requires minimum space for maximum activity (4 table tennis tables fit on space equivalent to one badminton court). Table tennis has huge health and social benefits for all ages, regardless of ability:

- **Improves reflexes and hand-eye coordination**
- **Promotes aerobic activity and also uses the upper and lower body muscles**
- **Provides a mental work out for the brain**
- **Good sport for athletes with disabilities**
- **Co-educational at every level**
- **Enjoyable for spectators and players alike**

The Amsterdam

With square corners – possibly the most popular outdoor table tennis table in Europe.

Weight: 1400kg

The Hague

A round table purely for the fun of it! Great looking, great family fun with a 2.6m diameter.

Weight: 1800kg

The Rotterdam

This model has rounded corners for added safety.

Weight: 1370kg

06 Concrete Leisure Products

The Maccano - kit form table

These tables come in 6 parts, to enable very simple installation on site. Very well finished and as robust as our all-in-one models.

Weight: 800kg

CALL US NOW ON: 01249 444537

Exterior concrete table tennis tables offer year round entertainment. Their weight and durability provide security from theft even when facilities are vacant for extended periods. The net is also made from concrete for added ruggedness. The tables are:

- **Fabricated from reinforced concrete and built to withstand the extremes of the UK climate as well as constant use**
- **Complete with extremely smooth and beautifully finished tops in either blue or green**
- **Virtually maintenance free and designed to provide years of enjoyment**

There is a range of four models with three supplied as 'all-in-one' and need no assembly. The Maccano is supplied in a simple six-part kit form for assembly where limited access may prevent the installation of the complete sets.

picnic tables

Permanent
concrete picnic
tables for work,
pleasure and leisure

When the sun is shining everyone wants to be outside. A warm breeze and fresh air stimulate the senses and fire the imagination. Schools, colleges and businesses are all embracing the concept that outside space can serve many functions, from work to play. With indoor space at a premium, finding a quiet corner to think, exchange ideas or eat and drink can be a problem. Redlynch has the solution with a stunning selection of permanent concrete picnic tables from Heblad, Europe's leading manufacturer of concrete leisure products.

Heblad products offer the perfect combination of good design, great finish, exceptional quality and durability. The tables would suit most locations and organisations:

- **Schools and colleges for outside classrooms**
- **Businesses for rest areas**
- **Leisure operators for drinking and dining**

These tables are very robust, weighing around a tonne and offering good security and protection, as well as being virtually maintenance free. There are a wide range of options including:

- **Choice of oval or rectangular tables**
- **Available in either a natural white concrete finish, or a warm anthracite colour, achieved with use of polyurethane based paint**
- **Versions suitable for wheelchair users**
- **Can accommodate up to 20 people**
- **Concrete or hardwood bamboo seating from sustainable sources**

football tables

CALL US NOW ON: 01249 444537

Timeless appeal
and endless fun

Generations of children have learned to kick a ball before they can talk and for many the love of the sport never dies. Table football – or foosball – sees the game played with the wrist not the foot. Traditionally produced for play indoors, table football can now be enjoyed outside where emotions can be let loose.

Redlynch supplies a beautifully made, permanent concrete football table. The durable and waterproof table features:

- **Concrete legs and structure for rigid stability**
- **Smooth pitch finish for quality play every time**
- **Choice of team colours**
- **500kg weight for good security**
- **High quality stainless steel fittings**

A young boy with light hair, wearing a blue shirt, is looking intently at a chessboard. His hands are resting on the board. The background is blurred, showing other chess pieces and a dark surface.

chess tables

CALL US NOW ON: 01249 444537

Chess has a universal appeal which bridges the gap between ages and nationalities. Adored by young and old alike, chess helps players develop and maintain mental agility. As the rules and tactics pass down through the generations, the game also enhances life and social skills and provides “quiet time” for younger participants.

Outdoor mental
stimulation for all ages

Chess bridges the gap between ages and nationalities

Whether making the most of the long summer days or enjoying the crisp winter air, chess is increasingly enjoyed outdoors. Redlynch is able to offer a robust yet comfortable chess set which will grace any outdoor space.

Engineered in Holland to a very high specification, each table and seating set comprises:

- **Concrete construction – very robust**
- **Granite chess board sets**
- **Beautifully finished**

The chess table and chairs can be located in most play areas, alongside existing equipment or as a stand-alone unit. Installation by our skilled operatives is easy and efficient, with only minor site preparation required in most cases before fixing securely in place. Your move!
